

Help with completing this form

This application form is where the applicant provides responses for their submission into this competition.

The details of the question being asked are provided in the Guidance for Applicants for this specific competition. **Before completing this Form, please refer to this document**

The Guidance for Applicants states the specific question but also provides a detailed guidance to the applicant on what the question means and how they should approach their response to the question. It is therefore essential for the applicant to obtain and refer to the Guidance for Applicants and to familiarise themselves with the document to enable them to respond to this application form.

For each question section in this application form, you will be advised of the section/sub section reference in the Guidance for Applicants where you need to refer to in order for the question to be answered.

The text entry areas within this form are fixed sizes. Applicants must ensure that their content is contained within the boundaries of the text areas WHEN THE DOCUMENT IS IN PRINT VIEW (refer to the guidance to see how to ensure this is set). Any content entered which is not visible on the form in print view will not be passed to the assessors of the application. The typeface, font size and colour for the text entry areas are predetermined and cannot be changed. The document must be saved as a Microsoft Word 97-2003 document.

TSB recommend encryption of all files prior to transmission. We support WinZip encryption. For further information on support of encryption, please refer to the help desk or the Guidance for Applicants.

Gateway Question: Scope

Please refer to the Guidance for Applicants Section 5 for details of the specific information required for this gateway question. Note that if your application does not meet the specific requirements of this question your application will be rejected.

How does this application align with the specific competition scope?

Feasibility Study Details (2 Pages)

The aim of this competition is to help small and medium enterprises develop disruptive ideas in Energy, Digital, Healthcare or Sustainability. The outcome is expected to be a demonstrator, early prototype or proof of principle to demonstrate what has been achieved through the project as the basis for securing further development investment.

In the space below please provide an outline description of your project which will last up to three months with funding of up to £25k):

1. The idea and its potential market impact.
2. What you propose to do in the study, naming organisations or individuals that you intend to work/contract with
3. The deliverable
4. Why you need this grant, i.e. what is the added value of public sector support?

Feasibility Study Details (continued)

How could you take your idea further?

We also want to find out what you would do if you received up to £100k for a project lasting up to six months.

How could this project, with increased investment of up to £100k, be bigger, better or faster?
(note compared to the baseline three months project)
